Certifications

Profile

Currently working as an Analyst Programmer at *We Market;* I bring a dynamic blend of technical expertise and creative problem-solving. Previously, I contributed to *Illumination Metaverse* as a UI Designer and Software Developer, where I crafted user-centric digital experiences.

I hold a Bachelor's degree in Information Technology from the Eastern Mediterranean University, where I built a strong foundation in Android development and UI/UX design. This was further enhanced by my earlier studies in Industrial Computing and Networks at the Higher Pedagogical and Technical Institute of Kinshasa.

With hands-on experience in secure application development, I specialize in creating intuitive, high-performance interfaces while integrating best practices in cybersecurity and cloud computing. Passionate about innovation, I strive to deliver robust and user-friendly digital solutions.

Professional Experience

March 2025 – Present
Analyst Programmer
We Market

As part of a dynamic team, I contribute to the development of a digital service platform. I leverage my skills in user experience and backend development, working with various technologies—primarily PHP (Laravel).

October 2024 – February 2025
UI/UX Lead & Software Developer
Illumination Metaverse Group

I led the development team, acting as both a technical advisor and design coach. This role significantly enhanced my leadership skills and deepened my understanding of user experience. I also improved my expertise with WordPress, the CRM used across several projects.

March 2024 – May 2024
IT Technician (Temporary Role)
Arkin Hotel, Iskele

I provided day-to-day IT support, maintaining the hotel's computer systems and ensuring real-time information flow between departments.

- Iso/Iec 27001- Dynamics of Informations Security Management System (ISMS)

- Iso 27001:2022/Amd 1 :2024 Update - Informations Security Management System (ISMS)

- Iso 37301:2021 – Principles of Compliance Management System

- Cybersecurity Incident Response Planning & Management

December 2023 – February 2024
IT Assistant (Temporary Role)
Kaya Arthemis Hotel, Iskele

J'assistais à la maintenance du système informatique de l'hôtel, en assurant la continuité et la stabilité des services numériques.

October 2021 – December 2022
Network & Cabling Technician
KARAKAS Prefabrik

Responsible for installing intranet systems in prefabricated buildings. My work involved structured cabling, network setup, and commissioning of internal IT infrastructures.

Other Experiences

- 2021 - 2022
  Minister of Communication and Media
  Congolese Community of Northern Cyprus | Famagusta

- 2022 - 2024
  Board Member, IT Club
  Eastern Mediterranean University

- 2022 - 2024
  President of Communication and Media
  Family Worship Center
